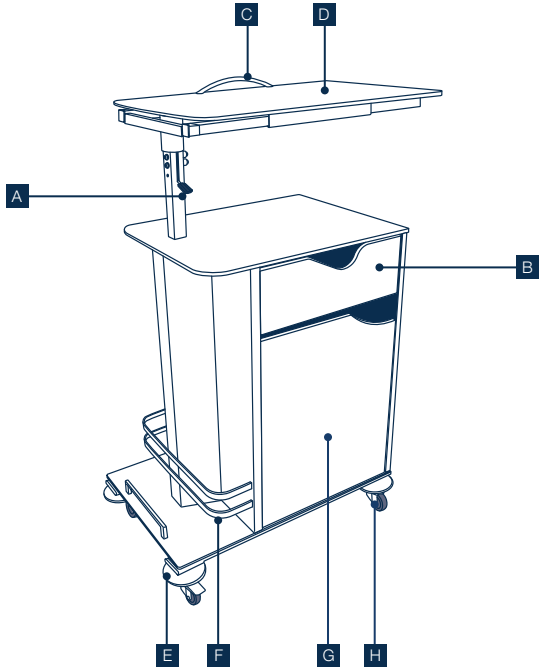
Ega bedside cabinets

Quick reference sheet



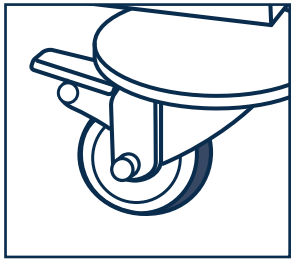
Bedside cabinets components

A	Overbed table lever	E	Protection discs
B	Reversible drawer	F	Tank holder
C	Board handler	G	Storage area
D	Overbed table	H	Wheels Ø5 cm

Other functions of the bedside cabinet

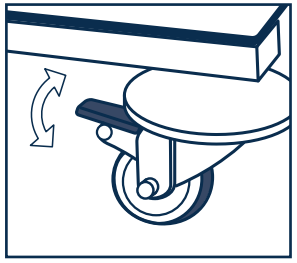
Wheels:

For its transport, the table has four Ø5 cm wheels, two of which have individual brakes.



Braking system:

- Activate brake: Press the pedal to its lowest position. When the brake is activated, the wheel will lock.
- Deactivate brake: Lift the pedal with your foot until it is in its highest position.



Cleaning

It is recommended to clean the unit using chlorine solutions with a maximum concentration of 1000 mg/l.

Cleaning and disinfection after a patient leaves:

- Overbed table, handles, doors, lever.

Deep cleaning and disinfection every two months:

- The whole bedside cabinet.

Maintenance

Always check the correct state of:

- Wheels.
- Drawers, doors.
- Height adjustment system.

For more information, please consult the use and maintenance manual.

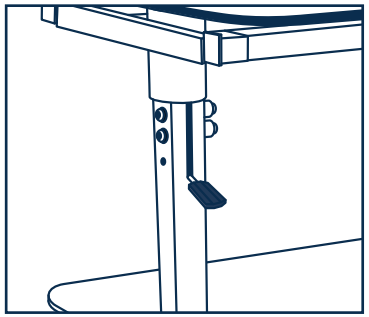
Mechanical operation

Raising and lowering the overbed table:

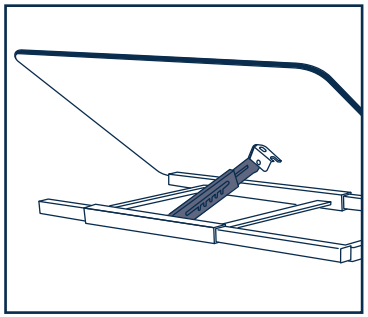
- Operate the lever by pulling up and holding the table top.
- Position the table at the desired height.
- Release the lever.
- To lower the overbed table, operate the lever and gently push the table top down. Release the lever.



Height adjustment lever

Reclining the board:

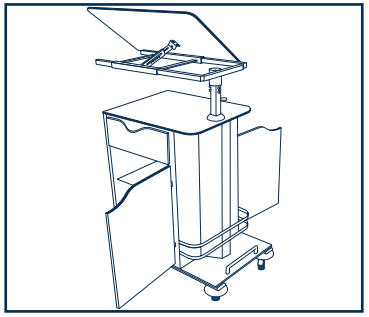
- Tilt the board by holding it on the side opposite to the handle until you reach the desired inclination (5 positions).
- To return to the horizontal position, tilt the board to the maximum position and fold it.



Overbed table positioning system

Reversible:

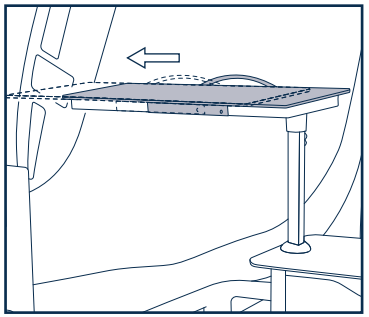
- The bedside table, drawer and cupboard space are reversible, meaning they can be placed in either direction. To turn the bedside table, simply rotate it 180 degrees.



Other mechanical operations

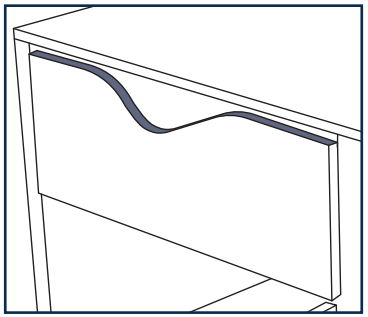
Extendable tabletop:

- The overbed table can be extended to bring it closer to the patient and make it easier to use.



Door opening:

- The bedside table has recesses in the doors, the wardrobe and the drawer to facilitate its opening.



Industrias Hidráulicas Pardo S.L. has the following certificates:

SAFETY WARNINGS

- Handle the leg section carefully when lifting or picking it up in order to avoid crushing your hands.
- Check that there are no materials, parts of the user's body or other person nearby, that could come between the board and the fixed elements.

Industrias Hidráulicas Pardo, S.L. C/ Los Ángeles 5, (Polígono Centrovía) - 50198 La Muela, Zaragoza (Spain)
